

Water Extracting

Expert

Carpet Cleaner

A low foaming, neutral pH carpet cleaner designed for use with extraction-type carpet cleaning systems. This product contains a balanced blend of low foam surfactants and safe solvents that effectively dissolve and suspend all types of soil.

Code: 53188 (5 L)
53189 (20 L)

CSQ-2000

Carpet Cleaner, Deodorizer and Sanitizer

A superior performance product formulated to clean, deodorize and sanitize carpets. CSQ-2000 effectively reduces the growth of bacteria while extracting.

Code: 53181 (5 L)

Washroom Care System

Washroom Care System

Clean and Fast Washroom Cart

This is a mobile, self-contained cleaning system designed for portable cleaning applications such as restrooms, trash areas, and supermarket meat cases. The units provide both cleaning and sanitizing functions, as well as clean water rinsing, through low pressure (<100 psi) spray nozzles.

Code: 50932
