

Floor Maintenance Pads

Conventional Thickline Pads

Black – Stripping:

For long-lasting heavy duty stripping.

Brown – Dry Strip:

For fast, uniform stripping wet or dry.

Green – Scrubbing:

For wet scrubbing.

Blue – Cleaner:

For scrubbing or heavy spray cleaning.

Red – Buffing:

For dry buffing, spray buffing or light scrubbing.

Tan – Polishing:

For dry polishing buffable synthetic or natural finishes.

White – Super Polish:

For dry polishing or with fine water mist to ensure high gloss.

Emerald Pad II™:

Durable and aggressive for the toughest stripping jobs.

Safire™ 66:

Highly abrasive for maximum stripping power.

Ultra High Speed Pads

Blue Ice™:

Works extremely well on ultra high speed machines for a deep and lasting shine. Soft binders with fine synthetic fiber create a “super soft” pad for dry burnishing. Use where burnishing is required on a frequent basis for more time between re-coatings.

Beige:

A moderately soft burnishing pad for a softer finish.

Jackeroo Lite™:

This exceptional floor pad effectively combines natural hair and fiber in a new, advanced way. This will bring out the gloss on softer, more buffable floor finishes. It's the ultimate UHS tool.

Champagne:

A soft-textured pad for dry burnishing and buffing for a high gloss.

Jackeroo™:

A blend of synthetic fibers and natural hair. Pad lasts longer with the added benefit of the lubricating effect of a hair pad.

Buckaroo™:

A natural hair burnishing pad with binder that is hard and aggressive. Ideal for electric and battery powered machines up to 3000 RPM.

CocoPad™:

Natural lubricating factors contribute to the pad's efficiency. Coconut fibers are both organic and biodegradable.

Floor Maintenance Pads

Pads and Sponges

Cellulose Sponges

7-AU Medium Cellulose Sponge

Excellent for larger jobs such as walls, ceilings or shelves. Useful in building maintenance.

Code: 41653

8-AU Large Cellulose Sponge

Perfect for bigger hands and jobs that involve larger spills or gathering of solids. Also used for vehicle maintenance.

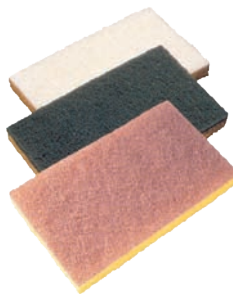

Code: 41664

Scrubbing Sponges

#63/Light Duty Sponge Scrubber

For cleaning cafeteria areas and washroom facilities. Use in combination with cleaning solutions for faster action.

Code: 41539

#74/Medium Duty Sponge Scrubber

Excellent for countertops, wall switch plates and around door knobs. Use in combination with cleaning solutions for faster action.

Code: 41651

Scouring Pads

#88/Ultra Duty Pot & Pan Scouring Pad

Easily removes the most stubborn, baked on deposits from pots and pans.

Code: 41590

#98/Jif-Y-Clean White Fine Scouring Pad

Non-abrasive for light clean-up jobs on ceramic, porcelain, stainless steel and painted surfaces.

Code: 41667

#96/Jif-Y-Clean Green Medium Scouring and Cleaning Pad

For areas where aggressive cleaning is required. Cleans equipment, metal surfaces and ideal for wall switch plates.

Code: 41541

Griddle Cleaning Systems

55A/Griddle Screen

Griddle screens are for those times when you do not need to clean a heavily charred grill or for use after cleaning with a Grilbrick®.

Code: 41671
