Barricade

Anti-Soil carpet and upholstery spray

"Forms an invisible shield which keeps dirt from lodging itself with carpet fibres."

FEATURES AND BENEFITS

Environmentally friendly – A.P.E. free, butyl free, phosphate free

Versatile – prevents dry soils and both water and oil based stains from adhering to carpet fibres by forming an invisible shield.

Multi-purpose – can be applied to colourfast carpets and upholstery (dry or wet).

Durable – will stand up to several shampoos and/or extractions.

WHERE TO USE

Formulated so that the soil and stain repellency is imparted to all manner, types and construction of carpeting and upholstery not harmed by water.

HOW TO USE

The fabrics should be thoroughly cleaned with either Dustbane DRI-FOAM or EXPERT before the application of BARRICADE. For best results, apply BARRICADE while fabric is still damp. Test an inconspicuous area for colour fastness.

CARPET AND UPHOLSTERY APPLICATION: Maintain a uniform spraying rate and apply in one direction and then the opposite for best results. Do not overwet carpet or upholstery – a fine mist setting should be used. Work the solution into the carpet immediately after spraying using a pile brush or shag rake. Allow fabric to dry thoroughly before using.

COVERAGE: 1 L will cover approximately 5m² of low pile carpeting.
